| Application:           | Commercial lighting / Indoor lighting/Decorative design |

The advantages of this product design, a universal aluminum channel compatible with three types of covers installation, suitable for both curved and linear setups. It offers a variety of light-emitting cover options with uniform light distribution, creating a comfortable lighting space and reshaping spatial aesthetics. Soft and bright eye protection, safe and durable. Applied to living room ceilings, office, commercial, and public spaces.
